
entrenet - Company Profile

entrenet - the consulting company with a clear focus on:

- BUSINESSPLAN,
- ENTREPRENEURSHIP and
- INNOVATION

The formation or succession of a company can be one of the most riskiest and intimidating ventures, one can imagine.

Nevertheless even this risk can be calculated and entrenet - together with educated and experienced partners - will be always at your service for entrepreneurs (people with entrepreneurial spirit), like start ups, new business owners and business successors.

entrenet is a reliable partner, who will support you in navigating you through all kinds of complications, challenges and troubles, a start up, a new business owner or a business successor can meet.

Privacy is our supreme principle.

entrenet offers to its customers a wide field of services like:

- Preparation of and elaboration on business plans
- Screening and evaluation of business plans
- Matching of founding teams ("technicians and salespeople")
- Evaluation of companies as a basis for talks to capital providers
- Matching of business teams and capital providers
- Coaching and monitoring in the realization phase
- Education and lectures to the topics: business plan, entrepreneurship and innovation

And "last but not least" a broad network of contacts for start ups, new business owners and business successors.
