

entrenet

ENTREPRENEURSHIP involves all functions, activities and actions associated with the PERCEPTION of BUSINESS OPPORTUNITIES and the creation of organizations to pursue them. (William Bygrave)

Our CUSTOMERS make their DREAMS come true:

- transforming a business idea into an economic healthy new venture
- taking over an existing enterprise and continuing it successfully
- planning a project in order to make it realizable and financially viable
- getting in contact with capital providers to secure the funding of a new venture
- Continuing education in entrepreneurship, innovation and business planning
- being a successful entrepreneurial personality

PLANNING is BOUGHT TIME => entrenet offers to its CUSTOMERS:

Services and Support in the following areas (in compliance with Privacy):

Your benefit:

Savings of time; Savings of cost

B. SEMINARS, WORKSHOPS and EDUCATION in
ENTREPRENEURSHIP, INNOVATION and BUSINESS
PLANNING

(For detailed informationen please see:

seminars/workshops/ or

<http://www.entrepreneurshiplounge.com>)

"Great business ideas need WINGS, to make them lift off, as well as a LANDING GEAR, to bring them back to ground."

The BUSINESSPLAN is that "Vehicle", combining the wings with the landing gear. Because a capital provider does not BORROW, but he does FINANCE!

entrenet sees its CORE COMPETENCE in the BUSINESSPLAN field and there it supports you in connecting your IDEA with an OPPORTUNITY.
